CANCER COMMISSION RADIOLOGY CONFERENCE

Sunday, April 30, 10 a. m. to 3:30 p. m.

Hotel Del Monte, Del Monte

The Cancer Commission is again sponsoring a Radiological Conference on Sunday, April 30, at Del Monte. The meetings will be held in one of the rooms of the Hotel Del Monte, between 10 and 12 in the morning and 1:30 to 3:30 in the afternoon. In previous years a large number of doctors have drifted into these meetings without registering. This year only those who register, up to the number of thirty, will be admitted. This is because any greater number than this makes the meetings less profitable for everyone concerned. Please send your registration at once to the offices of the California Medical Association if you intend to be present. Do not register and hold someone else from a position if you do not intend to come.

The following is the formal program:

10:00-12:00 a. m.—*Diagnostic Problems.*

Brain Tumor Problem—R. S. Stone, San Francisco.

Pulmonary Malignancy Problem—R. A. Carter, Los Angeles.

Intestinal Malignancy Problem—H. D. Snure, Los Angeles.

Bone Malignancy Problem—C. B. Bowen, Oakland.

1:30-3:30 p. m.—*Therapeutic Problems.*

Bladder Cancer Treatment Problem—O. N. Meland, Los Angeles.

Uterine Cancer Treatment Problem—Lyle C. Kinney, San Diego.

Breast Cancer Treatment Problem—E. Liljencrantz, San Francisco.

We believe this to be a very worth-while program and hope that you will be able to attend.

Please make reservation with the chairman of the committee arranging the meeting, Dr. L. H. Garland, 450 Sutter Street, San Francisco.

The hotel course is in splendid shape, and Peter Hay and Dr. H. R. Lusignan of Del Monte, are working hard on the local arrangements. All members of the California Medical Association are welcome and it is only necessary to appear on the first tee on Tuesday afternoon when foursomes will be arranged by the professional. Play will be 18 holes, medal play at handicap. Incidentally,
